B.P.O. Elks Lodge Is Instituted

The courage of the Elks was put to the test when Thursday, Dec. 20th, the date set for the installation of a lodge in Champion, developed into one of the coldest days of the season and stormy at that. However, nothing daunted, the programme as laid out was carried through, and while many of those who would have been among the charter members were unable to be present, and the number of visitors was curtailed, the enthusiasm of those who were on hand carried the evening to a most successful conclusion in every respect.

Members of Stavely, Lethbridge and Calgary Lodges were in charge of the institution of the Lodge and the installation of officers which followed. Grand Treasurer S. S. Savage and Mr. Potts, of Calgary, were among those present and taking part in the ceremony of initiating some twenty-four new candidates, which with twenty-eight old members of the order makes the new Lodge fifty-two members strong. Some twenty other candidates for initiation were unable to be present owing to the bad weather and the almost impassable condition of many of the roads.

The installing officers were as follows: E.R. S.S. Savage, Calgary; E.L.K. Hans Norjard, Stavely; Loyal K. W. Allan, Stavely; Lect. K. A. Goodman, Lethbridge; Sec. Max Lawrence, Stavely; Treas. Mr. Oliver, Stavely; Esq. F. C. Potts, Calgary; I.G. O. Hagg, Champion; Tyler, Henry Oliver, Stavely; Chaplain, J. D. Henderson, Degroes Team—Bruno Coreman, T. Sletto, John Alson, John Plesum, Pianist, Mr. Whittaker, Lethbridge.

Following is the list of the officers installed:
Past Exalted Ruler..... Oscar Hagg
Exalted Ruler..... J. M. Moffat
Leading Knight..... J. D. Henderson
Loyal Knight..... Fred M. Clever
Lecturing Knight..... G. M. Campbell
Secretary..... Sam Jopling
Treasurer..... R. Tyler
Tyler..... W. Harris
Inner Guard..... I. Fisher
Esquire..... E. H. Siler
Chaplain..... Geo. Morle
Board of Trustees—Id. Dittu, Tom Sletto, Dan Melroe.

The banquet in the Savoy Cafe will long be remembered as a particularly brilliant affair. The dining room was suitably decorated and the menu was headed by mose meat donated by Messrs. Harper and Siler from the splendid animals they shot on a recent hunt in the north, and roast turkey in abundance provided the sixty-four banqueters with ample opportunity to satisfy any sort of hunger. The salads and other delicacies accompanying were of the most appetizing description, and the ladies who prepared them deserve every possible credit.

One of the outstanding features of the evening was a splendid address by Capt. Dancy on "Elkdom and Canadianization." Capt. "Dancy" has been touring the province under the auspices of the Elk Lodges and it was a very fortunate circumstance that allowed him to be present on this occasion. He was complete master of his subject and maintained unbroken interest for an hour. It is to be hoped he will be heard here again when the public at large could be present.

The first regular meeting of the Lodge will be held on Tuesday, January 10th, when Vulcan Lodge will take charge of the work, and a large number of initiations will take place.

Constituency Conv'n At Champion W.I.

Mrs. Martin, Constituency Convener, will visit Champion Women's Institute at the regular meeting on Tuesday, January 10, at the residence of Mrs. S. R. Hunt. All members are requested to make a special effort to attend on this occasion as the meeting will undoubtedly be an interesting one. Bring your friends with you.

Sleighs Becoming More Plentiful

The demand for sleighs this winter was completely beyond the supply in sight and for some time it was practically impossible to secure them. Of late they are beginning to make their appearance in increasing numbers and soon wheat will be moving in greater volume, particularly if the present favorable weather continues.

Long Cold Spell Breaks Tuesday

Tuesday of this week was the first day for some time that was reasonably pleasant. All through the holidays and for some time before the cold was so intense that traffic of every kind was affected as well as business. Everyone fully appreciated the change when it occurred and it is hoped the severest part of the winter is past.

Ag. Engineering Short Course

Part of the agricultural short course to be held at the University of Alberta from January 21 to February 3, will be devoted to a discussion of the problems of agricultural engineering, including consideration of farm buildings, power farming problems, and various forms and types of farm machinery, paying special attention to plows and binders.

Boys' Parliament To Be Discussed

The Boy's Parliament has abandoned the party system which has been followed in their elections. Hear about it and many other interesting features of their work. Harold Stephenson member for this constituency will speak in the United Church on Sunday evening.

School District Annual Meeting

The annual meeting of the ratepayers of Champion Consolidated School will be held in the school house on Saturday, January 13th, at two o'clock in the afternoon.

Work has been started in preparation for the erection of the big departmental store to be built on the block of land recently purchased by the T. Eaton Co. Ltd. in Calgary. Actual construction work, it is stated, will commence in the spring. The total cost of the land and the building is expected to be in the neighborhood of a million dollars.

Clean Sweep SALE!

Everything in Men's and Boy's
Wear

Time for us to clean up—to get everything out of the way, for Spring Goods will commence to arrive in a short time. We don't want to pack the winter goods, and we are going to make it an object for you to help us sweep them out. Every bit of goods which will not be seasonable in a couple of months has got a Clean Sweep Ticket on and is bound for somewhere—lucky will be the one who pays the price for he gets a bargain and a big one.

No matter what you have attended in the way of special sales you will agree when you come to this Clean Sweep Sale that our bargains beat anything you ever saw. It makes no difference if we might get 50c for an article next Fall, we don't want to carry it over, and will take 25c for many of that kind now.

Note--This Sale also includes
Ladies' Hosiery and Shoes.

"BEAU GESTE"

WITH RONALD COLMAN

A mystery story of the French Foreign Legion in the deserts of Africa that tightens your skin with excitement. It tells of three handsome young Englishmen who disappear from home after a famous sapphire known as the "Blue Water" and belonging to their aunt, has been stolen.

All this leads to a remote fort in the Sahara and the ever-fearing attack of an Arab host. In the morning the fort remains unoccupied, every man at his post—dead, the commanding officer with a French bayonet through his heart, and an amazing confession concerning the "Blue Water" clutched in the hand of a dead soldier.

A thrilling mystery story. A wild adventure story. A delightful romance. Never before have you encountered more intense action. Such a story promises things. Such a guarantee them!

NOTE—Beginning this week and every week during 1928 the Paramount News Reel will be an extra addition to our week end programme.

THURSDAY, JAN. 3, 1928

NOTES AND COMMENT.

In bidding farewell to 1927 there could be no hesitation in conceding it to have been a year of definite progress. Undoubtedly the greatest number of bushels of wheat ever grown in this district was harvested, or partly harvested. Had the grain not been affected by frost and other damage the result would have been almost beyond the dreams of avarice. As it was the profits were reduced by low grades and very expensive harvesting operations, while the unusually cold and stormy winter has delayed delivery to a very considerable extent. Unfortunately winter arrived when the threshing was about two-thirds done, leaving a great many farmers without any returns from the season's operations while the others, only partly threshed, were sometimes little better off. Lack of elevator room at the beginning of threshing operations and bad roads later slowed up deliveries and not more than half the grain had been marketed by the end of the year.

As compensation the enormous yield held first place. It is always difficult to reach exact conclusions in regard to average yields, but it is generally conceded that practically forty bushels per acre was realized over the entire average in wheat. As a result those who were able to conclude the delivery of their wheat to the elevators during the best weather had a profitable year and in many instances a very profitable one. Those who have their grain stored on their farms are also fortunate, while conditions in the spring will decide to what extent the crop in stock now will suffer. Coarse grains of all kinds yielded exceptionally well and in consequence feed is plentiful, the character of the winter making this latter feature decidedly fortunate. Cattle have maintained a rising price during the summer and fall, although hogs have been lower than usual.

Combines figured in the harvesting operations to quite an extent with results which are still a matter of debate. In some instances the results achieved were highly satisfactory while in others waiting for the grain to be ready to combine resulted in loss. There is little doubt, however, that the combine will be an increasing factor in future harvests, although it may never entirely replace the binder and thrasher.

Purchases of all kinds of agricultural implements were the highest for many years in 1927, and this would also refer to almost everything connected with farming operations, particularly lumber and other building materials. Tractors and trucks will be used much more extensively than in past years and the power farmer will also be more frequent as a result of last year's purchases. Some orders for tractors exceed anything heretofore experienced.

In Champion the year has been a particularly progressive one. The main street, which had long been almost a disgrace, was graded and gravelled and as the summer and fall were unusually wet this improvement has been a cause for general congratulation. The arrival of the light and power lines of the Calgary Power Co. was also a big step forward. Arrangements are also under way for installing an electric power fire pump

which would solve a long standing problem. Building operations were larger than for some years.

With a portion of the 1927 threshing to be done in the spring there will be more than the usual amount of work to be faced in the spring, and this will be undertaken with enthusiasm. Last year's summerfallow was more than usually successful in cleaning up the weeds and there is every prospect of another bumper crop. There real preparation has been made. Doubtless there will be a tendency to sow considerable stubble this year, both because there will be little time in some instances to plow and in others a belief that stubble will be equally profitable because of the presence of unlimited moisture, and the fact that stubble in grain was very successful last year, giving a good yield without excessive straw. So long as this tendency is not carried to extremes little harm will result, but it is to be hoped summerfallow will not be limited by this method of farming.

GENERAL NEWS

The new hospital being established by the Provincial Department of Health for the treatment of patients from all parts of the province suffering from the after effects of infantile paralysis will be ready for use early in January, it is announced by Hon. George Houlley, Minister of Health. The new building is being erected by the department of public works on the grounds of the University Hospital in Edmonton.

The contract for the fish hatchery which will be constructed in the Waterton Lakes National Park at a cost of some \$15,000 has been awarded to Cland and Scott of Cardston. The exact location chosen is near the Kootenay River bridge and it is expected that the hatchery will be completed by April 1, 1928. Good fish fry propagated in this hatchery will be used to stock a number of rivers and lakes in the southern part of the province.

John Wilson of Innisfail and George R. Ball of Strathcona, have been elected to represent Alberta on the directorate of the Canadian Sheep Breeders' Association for 1928. It is announced as a result of the recent vote. Arthur J. Ottevell of Clover Bar has also been named as Alberta director of the Canadian Swine Breeders' Association.

Suggestions from any responsible quarters in the revision of the School Act, now in progress will be welcomed by the Department of Education, announces Hon. Perren Baker, Minister of Education. Work in connection with the revision of the Act covering the operation of Alberta schools is now going forward and officials of the department are anxious to have any communication on the subject sent in at as early a date as possible.

Inquiries have been received during the past week by the department of agriculture from an importing firm in Kobe, Japan, for quotations on shipments of large quantities of Alberta wool. Tribute is paid to the high quality of wool from western Canada and the hope is expressed that this product may be utilized in supplying large contracts for the Japanese government. It will also be recalled that Captain Kawakami who recently visited Alberta from Japan made thorough investigations into the possibility of shipping dairy and beef cattle, horses and swine from this province to meet the steadily growing demand in the Oriental market.

Then and Now

In 1920 this Chevrolet 2-door Sedan Cost **\$1795.00**

In 1927 this Chevrolet 2-door Sedan (Coach) Cost **\$750.00**

COMPARE the Chevrolet of seven years ago with the Chevrolet of today and realize how radically Chevrolet has revised all conceptions of motor car value. In 1920, the Chevrolet illustrated here represented the highest standards of quality and value . . . at a price of \$1795 (f.o.b. Oshawa) . . . over a thousand dollars more than you pay today for a Chevrolet that possesses style, luxury and refinement unthought-of in any car a few years ago.

In following its fundamental policy of constant improvement, Chevrolet has built up a production volume which places it first among all cars in the world. And Chevrolet has shared the savings of volume purchasing and production, with the public by reducing the prices of Chevrolet cars. So, today, you get a Chevrolet with amazing QUALITY in its every detail at a fraction of the cost of a similar model Chevrolet of seven years ago.

There are dozens of other quotations that would be apt
but two should be enough at once.

Did Your New Year's Resolutions Include One that You Would Pay your Subscription to The Champion Chronicle?

We have suspected for some time that the majority of our readers were waiting for a really auspicious occasion to clean up the mass of arrears on our books, and with the opening of the year it was plain a number had chosen the first days of 1928 as the appointed time.

Why Not Everyone ?

One year's subscription is a small amount, but several hundred subscriptions in arrears aggregates an amount that would mean life or death to many a business.

***Think it Over and Call at the Office
With Your Conclusion.***

Local and General

School re-opened on Tuesday. Mr. and Mrs. L. J. Adams are spending a few weeks in Calgary.

The O.E.S. will hold their regular meeting on Monday, when the officers for 1928 will be installed.

Mesdames Crawford, Hoskins and Duncan were among the hostesses to teas, etc., during the holidays.

Miss E. Fields and Mr. E. Nilsson, of Calgary, were the guests of Mr. and Mrs. F. J. Clapp for New Year's.

Miss Doris Taylor returned to Carmangay Wednesday after spending this Christmas vacation with the Misses Bastin.

The soft weather of the past few days livened things up considerably in town, everything rising to normal with the welcome change.

Mrs. D. Watkins and little niece left on Saturday for Chicago, Ill., where the latter will join her parents. Mrs. Watkins will be away for some weeks.

The chinook is here and Champion theatre ask that as many local patrons as possible attend the Friday show of *Bent Geste* as a full house is anticipated Saturday night.

Carling has been brisk this week owing to a series of two games per night, to make up in part for the time lost during the holidays and by cold weather.

Mr. and Mrs. G. M. Campbell attended the New Year's ball at the Palliser hotel in Calgary.

Miss Gladys Woodhull returned to Grenon on Tuesday morning after spending the holidays at her home.

The school report for Grades VIII and XI, which were omitted in the last issue will be found elsewhere in this issue.

Windbreakers, leather lined machineknives, sweaters, leather vests, flannel shirts, at greatly reduced prices at Campbell's.

On Sunday evening January 8th, Harold Stephenson will give a report of the Provincial Boys' Parliament recently held in Calgary.

Mr. and Mrs. H. C. Jopling returned from a trip to the coast during the week and are now in occupation of the J. N. Beaudier residence.

The only men who are really anxious to see the snow remain for the time are those who have acquired new sleighs recently and are now hauling their wheat.

Campbell's big sale of men's wear is on now. Big \$50.00 stock to choose from. Everything reduced. Everything must go.

T. R. Jopling continues to improve after an operation at the hospital in Calgary. L. Jopling who had remained in Calgary for some days to be in touch with him returned home on Monday.

During the sale at Campbell's a five dollar bill will buy any man's shoe or oxford. This also includes our new line of ladies' classic shoes. All going at \$5.00 per pair. Values up to \$8.00.

Two Blackie rinks played here last week, the McNaughton cup being the bone of contention. The local rinks skipped by G. A. Orr and C. McLean were two up at the conclusion of the play. Wellman and Evans were the skips for Blackie. The visitors were entertained after the game at the Long Louis restaurant.

J. FRED SCOTT LL. B.
Barrister, Solicitor, Notary Public, of 213 Lancaster Building Calgary will be in Champion every Thursday afternoon, in old Municipal office.

Champion Lodge
No. 84.
A. F. & A. M.

W. C. HOSKINS

Start the New Year Right--With The Chronicle

Better the Man with
His Eye to the Sky
than the Man with
His Ear to the Ground

ALL through its long, successful history, General Motors of Canada has had its eye to the horizon . . . listening not for what followed, but looking always toward the thing ahead.

And General Motors has seen many of its visions realized. . . .

It has seen a great industry grow up in Canada to supply the Canadian family with a means of transportation to meet its needs and resources, to answer the desire for style, dependability, luxury.

It has seen, in the Canadian Fisher Body plants, the perpetuation of Canadian ideals of craftsmanship. It has seen, in the General Motors Research laboratories, the development of countless advances and refinements on which much of modern motoring comfort depends.

It has seen, on the General Motors Proving Grounds, the proof of principles which are now accepted factors in automobile design and construction.

It has seen the triumph of co-operative purchasing and manufacturing methods with their resultant economies to be shared with the buyers of General Motors cars.

And the eyes of General Motors are still to the horizon . . . still seeking new ways to improve General Motors cars and to place the cars within reach of ever-widening circles of Canadian buyers.
